

Protect the young.

Insure them.

Dear parent,

One in five Native American children don't have proper healthcare because they're uninsured. We can help.

Call me and I'll help complete and submit your KS HealthWave application. If you're unable to come to the clinic, I'll come to you.

The program covers:

Regular Doctor Visits	Hospitalization
Physicals	Dental Visits
Kan-Be-Healthy Check ups	Behavioral Health
Emergency Room Visits	And more!

Call today and set up an enrollment appointment: 316-262-3611 Ext. 1124

I can also help you renew your coverage if you're already in the program.

Sincerely,

Brandi Springer  
CHIPRA American Indian Outreach Specialist
